ARCOTEL Rubin – A high-carat kaleidoscope

Opened in 2007, the ARCOTEL Rubin Hamburg is located in the trendy scene and cultural district of St. Georg and embodies skillfully the uniqueness of a gemstone paired with unobtrusive Hanseatic elegance. The façade of the ARCOTEL Rubin Hamburg resembles a kaleidoscope that fascinates with its many light effects and reflections. As soon as you enter the house, you will experience the contrast between modernity and tradition, urban life and cozy charm.

Ruby – A gem for a hotel

The eponymous red gem is reflected in all areas of the house. Thus, the red bed headboard in the 217 rooms and suites is the rising and setting sun of Hamburg. The motif of the painter Caspar David Friedrich on the curtains stands for the wide view of the open sea. In the rooms, the warm red color of the leather upholstery harmonizes with the excellent technical features such as flatscreen TV, in-room safe and wireless high-speed internet access. "The ARCOTEL Rubin provides a top-class sparkle in the eyes of the guests in Hamburg. This 4-star superior hotel welcomes its guests with warm Austrian hospitality and the best service quality for a pleasant stay in the Hanseatic city", says Dr. Renate Wimmer, owner of the ARCOTEL Group.

Relaxation is offered by the exclusive wellness & fitness area with sports equipment, Finnish sauna and Infrarot seats - including a view over the rooftops of Hamburg. For meetings there are six flexibly combinable seminar rooms with daylight and state-of-the-art conference technology.
